## PROFESSIONAL SUMMARY

---

A versatile UI/UX Designer with hands-on experience designing web applications, portal systems, mobile apps, and cross-platform interfaces. Proven ability to translate complex product requirements into wireframes, mockups, and interactive prototypes while maintaining design system consistency. Skilled in cross-functional collaboration with developers and product managers across Agile environments. Additional experience in multimedia production, including graphic design and video content using various design tools.

## PROFESSIONAL EXPERIENCE

---

### UI/UX Designer | Internship

Feb 2025 – Aug 2025

*Planate Management Group*

*Hybrid*

- Designed 5+ web application interfaces and brand-consistent visual assets for internal and client-facing products, resolving 25+ UX issues before deployment.
- Developed and maintained reusable design components to support scalable design systems and ensure consistency across product interfaces.
- Collaborated with developers and product managers in Agile sprints, maintaining on-time delivery across multiple concurrent projects, and supported frontend development (HTML, CSS, JS, React, Tailwind), improving sprint turnaround by 10%

### UI/UX Designer | Internship

May 2024 – Sep 2024

*KaveGuild*

*Remote*

- Produced 10+ wireframes, mockups, and interactive prototypes in Figma, including website design replications to study layout structure and visual consistency.
- Conducted user research and usability evaluations, including user personas and requirements analysis, improving design alignment with user needs.

### Radio Disk Jockey (DJ) | Part-time

May 2024 – Nov 2024

*Subic Broadcasting Corporation*

- Delivered live broadcasts across Olongapo City and surrounding areas, managing playlist scheduling, commercial presentations, and 5+ listener requests per program.
- Maintained daily show rundowns, broadcast logs, and commercial records, coordinating with staff and management to air announcements and community events on schedule.

## PROJECTS

---

### Iram II Elementary School Transcript & Records System

Apr 2025 – Jun 2025

*Project Manager & UI/UX Designer*

- Led a 7-member team through the full SDLC using Agile practices, delivering 2 weeks ahead of schedule with 100% stakeholder compliance and complete handover documentation.
- Reduced manual record retrieval time by 60% by digitizing 200+ student records, applying user research and usability principles to streamline the end-to-end records management workflow.

### Planate Management Group Support Center

Apr 2025 – Nov 2025

*UI/UX Designer & Frontend Developer*

- Designed and developed a support center portal for 500+ users, delivering a scalable, brand-consistent interface with full accessibility compliance — achieving 100% system completion within 7 months while improving service delivery and reducing manual workload.
- Replaced commercial ITSM tools with an in-house system (~US \$293K equivalent), contributing to US \$69K–\$73K in annual cost savings through UX-driven process improvements and cross-functional collaboration with developers and stakeholders.

## EDUCATION

---

### Bachelor of Science in Computer Science

2021 – 2025

*Gordon College*

## SKILLS

---

**UI/UX Design:** Figma, Wireframing, Prototyping, Usability Testing, Design Systems, User Research, Accessibility Principles

**Multimedia:** Adobe Photoshop, Adobe Illustrator, Canva, CapCut (graphic design, digital content, video production)

**Frontend:** HTML, CSS, JavaScript, React.js, Tailwind CSS

**Tools:** Trello, ClickUp, Azure DevOps, GitHub, Microsoft 365, Google Workspace
